approval of the ACC, builders may place construction trailers on their Lots during construction of Dwellings provided there are no more than a total of three (3) construction trailers within the Subdivision. Builders allowed to place construction trailers within the Subdivision are those that have committed to purchasing multiple Lots with the intent of an ongoing building program. Construction trailers placed by a builder and approved by the ACC will be allowed to remain until the builder no longer owns a Lot.

1. Each Dwelling shall be provided with a minimum of two and a maximum of four permanent, off-street, enclosed parking spaces, except for Block 40, Lot 50, which can have a maximum of five permanent, off-street, enclosed parking spaces. For Lots that are accessible from two streets (corner lots), if the direct load garage faces the side entrance for the house, the direct load garage has to be at least 5 ft behind the side elevation of the Dwelling. In the event of any disagreement regarding what constitutes the side elevation of a Dwelling, the decision of the ACC shall be final and conclusive. Each Dwelling shall be provided with smoke detectors as stipulated in the ordinances and/or building codes adopted by the City of San Antonio at the time the Dwelling is being constructed. The ACC may establish from time to time minimum standards and specifications for the burglar and smoke alarm systems, and make these specifications available to Owners and builders.

ARTICLE XXXI. HEIGHT LIMITATIONS

The maximum height of each Dwelling shall be thirty-five feet (35'), measured from the top of the roof ridge to the average finished grade of the Lot. The height of all other Improvements must be approved in advance and in writing by the ACC.

ARTICLE XXXII. IRRIGATION

All Lots must be irrigated by sprinkler systems approved by the ACC and in accordance with the irrigation plan approved by the ACC. In all such systems, a pressure type vacuum breaker or double check valve backflow preventer, as approved by the water provider for the Subdivision, must be installed to prevent contamination of the domestic water supply for the Subdivision. All such

equipment shall comply with all applicable codes, rules and regulations of the City of San Antonio and any other entity entitled by law to establish such codes, rules and regulations.

ARTICLE XXXIII. GUTTERING

All Dwellings must be guttered, in a manner approved in advance and in writing by the ACC, with downspouts being so situated as to minimize adverse drainage consequences for adjoining Lots.

ARTICLE XXXIV. TREE PROTECTION

Trees on each Lot will benefit all residents in the Subdivision; and, consequently, it is the Declarant's intent to retain the overall character of the tree massing in the development. To prevent the unnecessary damage or death to existing trees, the Declarant, Lot Owner, his/her architect, and/or builder will be required to comply with the tree care and protection rules that may be promulgated from time to time by the Association or the ACC. Declarant will not engage in mass clearing of trees on Lots, unless required for (1) compliance with the plat, (2) compliance with drainage requirements, (3) compliance with TCEQ requirements (4) embankment of locally generated excavation materials, (5) local, city, county, state, federal or other governing entity requirement.

ARTICLE XXXV. LANDSCAPING/IRRIGATION INSTALLATION

Landscaping plans and specifications for each Lot must be submitted to the ACC and approved in writing by the ACC prior to installation. Any landscaping and irrigation required by the plans and specifications approved by the ACC must be fully installed on a Lot within ninety (90) days from the first occupancy of the Dwelling situated on such Lot in accordance with the landscape plan approved by the ACC. In view of the major emphasis placed by Declarant and the ACC on landscaping, the ACC expressly reserves the right to require the landscape and irrigation plans to include the planting of trees by Owner, if, in the opinion of such ACC such trees are necessary to preserve the general landscaping goals and criteria for the Subdivision as a whole. No more than ten percent (10%) in area of the front yard area of any Lot, excluding driveways and sidewalks, may be covered by rock material other than vegetation, except for such sidewalks and driveways as have been approved by the ACC.

Existing vegetation shall be preserved in its natural state insofar as is practical by minimizing its removal. Introduced plant material shall be used to shade and cool, direct wind movements, enhance architectural features, relate structure design to the site, visually screen non-compatible uses, and ameliorate the impact of noise. All landscaping plant material shall be selected from a plant material list approved by the ACC. Landscaping and irrigation systems shall be fully installed and operable as per approved final plans for front, rear and side setback areas as well as any private open space areas visible from adjacent streets prior to the issuance of a Certificate of Occupancy.

Any areas proposed to be left natural landscaped areas must be specifically approved in writing by the ACC. The ACC shall have the right to impose reasonable landscaping and irrigation requirements consistent with the requirements of this Declaration and Umbrella Declaration.

ARTICLE XXXVI. SUBDIVISION OR COMBINATION OF LOTS

No further subdivision of platted Lots in the Subdivision shall be permitted. An Owner may, however, combine or integrate two adjoining Lots into one Dwelling and landscaped area at the time either of said Lots is first improved, provided that such combination is approved in advance in writing by the ACC. If the additional lot(s) are landscaped and made part of the Dwelling, all lots will be combined into one lot and will be treated as one lot for purposes of voting or any allocation of assessments (regular or special). If the additional lot (s) are left unimproved as separate lots, such

combination of Lots shall be treated for such purposes of voting or of any allocation of assessments (regular and special) as separate Lots.

ARTICLE XXXVII. WINDOW TREATMENT

No aluminum foil, reflective film, paper, mini blinds or similar treatment shall be placed on windows or glass doors at any time. If any window treatment is installed on windows visible from the street, it shall be equipped with interior wood shutters, blinds with natural tone, or other presentable window treatment. No bars or obstructions intended for use as burglar bars may be placed on the exterior of a Dwelling, including, but limited to windows and doors unless approved by the ACC.

ARTICLE XXXVIII. VISUAL ACCESS AT INTERSECTIONS

To allow for adequate sight distance at all street and alley intersections within the Subdivision, no structures, walls, or vegetation that could restrict a "visual access corridor", defined herein as an area between two feet and six feet above the ground, shall be permitted. This corridor is defined by a triangle created at a street corner by the intersection of property line projections and points twenty-five feet back from said intersection. Visual access shall also be provided for the driver of a vehicle backing out of an individual Lot onto an adjacent alley in a manner approved by the ACC.

ARTICLE XXXIX. PRIVATE STREETS

The streets in the Subdivision are private and will be conveyed to the Association in accordance with Article III..

ARTICLE XL. THE DOMINION PLANNED UNIT DEVELOPMENT

All Lots are hereby made subject to the terms and provisions of the Umbrella Declaration of Covenants, Conditions, Easements and Restrictions for The Dominion Planned Unit Development, filed for record under Volume 2956, Page 61, et seq. of the Official Public Records of Bexar County, Texas. The Umbrella Declaration governs the use of the Lots and Improvements constructed thereon. Reference is made to the Umbrella Declaration for a more particular description of the rights and obligations contained therein. Each Lot is required to pay assessments to the Association in accordance with the Umbrella Declaration.

ARTICLE XLI. WAIVERS AND LACHES

The obligation to abide by the provisions contained in this instrument shall be deemed to be of a continuing and continual basis. Each and every day, in which an Owner allows a condition to exist on his or her Lot which is not in compliance with the requirements contained herein, shall constitute a separate and individual violation hereof and shall give rise to a new cause of action for such breach. The intended effect and express purpose of this provision shall be that every Owner, by accepting title to the Lot, hereby waives the affirmative defenses of the Statute of Limitations, Waiver, and Laches with respect to covenant violations. Non-compliant conditions shall be allowed to exist on a Lot only upon the Owner obtaining a written variance in accordance with the applicable provisions herein or in the Umbrella Declaration. Failure of the Declarant, the Association, the ACC or any Owner to enforce the terms of this Declaration shall in no event be deemed a waiver of the right to do so thereafter.

ARTICLE XLII. TERM

The foregoing covenants are made and adopted to run with the land and shall be binding upon Declarant and its successors and assigns and all persons claiming under them, and all subsequent Owners of said above described Lots located within the Subdivision for a term beginning on the date this Declaration is recorded and continuing through and including January 1, 2060, after which time said covenants shall be extended automatically for successive periods of ten (10) years each, unless an instrument signed by a majority of the then Owners of legal title to seventy percent (70%) of the property subject to the Umbrella Declaration has been recorded agreeing to revoke them, provided that no person, corporation or other entity shall be liable for breach of these covenants and restrictions except in respect to breaches occurring or committed during its, his or their ownership of the Lots located within the Subdivision. Deeds of conveyance of said property, or any part thereof, may contain the above restrictive covenants by reference to this document; but whether or not such reference is made, each and all of such restrictive covenants shall be valid and binding upon respective parties.

ARTICLE XLIII. ENFORCEMENT

If the parties hereto, or their heirs, successors, lessees or assigns, shall violate or attempt to violate any of the covenants herein contained, it shall be lawful for any person or persons owning a Lot situated in the Subdivision, or Declarant, or its assigns, or the Association, without requirement of joinder of the other, to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenants, and either (1) prevent him or them from so doing, (2) recover damages for such violations, and (3) to recover court costs and reasonable attorney's fees. Neither the Declarant nor the Association shall ever be under any obligation to enforce the terms of this Declaration, and any failure to enforce shall never give rise to any liability whatsoever on the part of the Declarant, Declarant's successors or assigns, the Association, or the Board of Directors of the Association. The reservation by Declarant of this right of enforcement shall not create a duty or obligation of any kind to enforce same, and Declarant nor the Association shall be subject to any claim, demand, or cause of action from any Owner by virtue of not enforcing any restriction herein contained. Further, if the Board determines that the service of an attorney and/or collection agent are appropriate for use in seeking compliance, but suit is not brought, the Association shall be entitled to recover, from the Owner violating this Declaration the reasonable costs of services of any attorney and/or collection agent, relating to the violation. The foregoing provision for recovery of costs, expenses and attorney's fees shall be deemed to have been agreed to by the Owner (s) of any Lot covered hereby by acceptance of conveyance of other transfer of title to such Lot.

ARTICLE XLIV. INVALIDATION

The invalidation of any one of these covenants by judgment of court order shall in no way affect any of the other provisions, which shall remain in full force and effect.

ARTICLE XLV. NON-JUDICIAL FORECLOSURE

To secure the payment of assessments and to ensure compliance with the applicable covenants, conditions, restrictions and easements set forth herein, each Owner, upon acceptance of his or her deed to a Lot governed by this Declaration conveys the Lot to the Trustee hereinafter named, in trust for so long as these covenants, conditions, restrictions and easements shall remain in effect, such conveyance operating as a Special Deed of Trust. If an Owner fails to tender payment of assessments when due, or if an Owner fails to perform any of the obligations under or maintain any condition required by this Declaration, the Association may perform those obligations, advance whatever funds may be required, and then be reimbursed by the Owner on demand for any sums so advanced or incurred, the cost of any obligations so performed, including attorney's fees, plus

interest on those sums from the dates of payment at the highest legal rate. The sum to be reimbursed shall be secured by this Special Deed of Trust.

If the Owner fails on demand to reimburse the Association for the sums advanced or for the assessments owed, and such failure continues after the Association gives the Owner notice of the failure and the time within which it must be cured, as may be required by law or by written agreement, then the Association, as the Beneficiary of this Special Deed of Trust may:

1. Request the Trustee appointed herein, or his/her successor, to foreclose the liens created herein, in which case the Association shall give notice of the foreclosure sale as provided by Section 51.002 et seq. of the Texas Property Code then in effect or any successor statute thereto; and

2. Purchase the Lot at any foreclosure sale by offering the highest bid and have the bid credited to the reimbursement or satisfaction of the outstanding indebtedness owed to the Association.

If requested by the Association to foreclose this lien, the Trustee shall:

a) Either personally or by agent give notice of the foreclosure sale as required by Section 51.002 et seq. of the Texas Property Code then in effect or any successor statute thereto; and

b) Sell and convey the Lot to the highest bidder for cash with a special warranty binding the Owner, subject to prior liens and to other exceptions to conveyance and warranty; and

c) From the proceeds of the sale, pay, in this order: (i) expenses of foreclosure; (ii) to the Association, the full amount advanced, attorney's fees, and other charges due and unpaid; (iii) any amounts required by law to be paid before payment to the Owner; and (iv) to the Owner any remaining balance.

3. Robert D. Burton, Attorney at Law, is appointed Trustee for the purpose of enforcing covenants, conditions and restrictions imposed by this Declaration, and also for the collecting of maintenance assessments. The Association, as Beneficiary, may appoint in writing a substitute or successor trustee, succeeding to all rights and responsibilities of the Trustee appointed herein.

4. From and after any such foreclosure, the occupants of such Lot shall be required to pay a reasonable rent for the use of such Lot and such occupancy shall constitute a tenancy-at-sufferance. The purchaser at such foreclosure shall be entitled to the appointment of a receiver to collect such rents and, further shall be entitled to sue for recovery of possession of such Lot by forcible detainer without further notice.

5. It is the intent of the provisions of this Section to comply with the provisions of Texas Property Code Section 51.002, relating to non-judicial sales by power of sale and, in the event of the amendment of said Section 51.002 hereafter, which amendment is applicable hereto, the President of the Association, acting without joinder of any Owner or mortgagee of any Owner, may, by amendment to this Declaration filed in the office of the County Clerk of Bexar County, Texas amend the provisions hereof so as to comply with said amendments to Section 51.002.

6. Any liens created by this Article XLV shall be superior to all other liens and charges against any Lot covered hereby except only for tax liens and all liens securing sums secured by a first-priority mortgage or deed of trust lien of record, securing in either instance sums borrowed for the acquisition or improvement of the Lot in question.

ARTICLE XLVI. ASSESSMENT BY AWARD OR JUDICIAL DECREE

In the event arbitration or litigation is necessary to enforce any provision contained within this Declaration, any and all awards granted by the arbitrator, or damages, penalties, fees, costs, and/or any other charges awarded in the Decree to the Association shall also constitute an assessment, payable by the Owner(s) of the Lot, which shall likewise "run with the land". Failure to pay assessments imposed under this Section shall constitute an event that may give rise to the remedies provided in Article XLV herein.

ARTICLE XLVII. PRIOR LIENS

It is specifically provided that a violation of these protective covenants, or any one or more of them, shall be enforceable by the provisions herein and any provisions contained in the Umbrella Declaration of Covenants, Conditions, Easements and Restrictions, as recorded and/or amended; and, in the event that the Association expends any funds for the enforcement of these provisions, that all such sums, including, but not limited to, the cost of collection, reasonable attorney's fees, and court costs, will thereupon become a continuing lien and charge on the property of the violator and shall be a covenant running with the land. The aforesaid lien shall be superior to all other liens and charges against the property, except only for tax liens and all liens securing sums unpaid on a first lien mortgage or first deed of trust lien of record, securing in either instance sums borrowed for the purchase or improvement of the property in question. Such power shall be entirely discretionary with the Association. To evidence the aforesaid lien, the Association shall prepare a written notice of lien setting forth the amount of the unpaid indebtedness and the name of the Owner of the property. Such notice shall be signed by one of the officers of the Association and shall be recorded in the office of the County Clerk for Bexar County, Texas. Such lien for payment of sums shall attach with the priority above set forth from the date that such payment becomes delinquent and may be enforced by the foreclosure of the defaulting Owner's property by the Association in like manner as a mortgage on real property subsequent to the recording of a notice of lien as provided above, or the Association may institute suit against the Owner personally obligated to pay the Assessment and/or the foreclosure of the aforesaid lien judicially, it being understood that the election of any one remedy shall not constitute a waiver of any other remedies. In any foreclosure proceeding, whether judicial or non-judicial, the Owner shall be required to pay the costs expenses, and attorney's fees incurred. The Association shall have the power to bid on the property at foreclosure or other legal sale, and to acquire, hold, lease, mortgage, convey or otherwise deal with the same. The Association also expressly reserves the right to post the names of any delinquent members at a highly visible location within the Subdivision.

ARTICLE XLVIII. RESERVATION OF RIGHTS

The Declarant shall have and reserves the right at any time, and from time to time, to amend this Declaration, by an instrument in writing duly signed, acknowledged, and filed for record for the purpose of correcting any typographical or grammatical error, ambiguity or inconsistency appearing herein, provided that any such amendment shall be consistent with and in furtherance of the general plan and scheme of development as evidenced by this Declaration, and shall not materially impair or affect the vested property or other rights of any Owner or his mortgagee. However, any amendment proposed by the Declarant pursuant to this Article shall require the joinder and approval of the Association, acting through a majority of the Board, which approval shall not be unreasonably withheld. The Association may specifically waive its joinder and approval by a written, recorded instrument. No other joinder or approval shall be required.

ARTICLE XLIX. AMENDMENT

At any time the Owners of the legal title to seventy percent (70%) of the Lots within the Subdivision, with the joinder and approval of the Board, may amend this Declaration by filing an instrument containing such amendment in the office of the County Clerk of Bexar County, Texas; except that, prior to the conveyance of the last Lot on the property to a third party buyer, no such amendment shall be valid or effective without the written joinder and approval of the Declarant unless Declarant specifically waive this requirement by a written recorded instrument, which approval shall not be

unreasonably withheld. The Declarant is expressly permitted to amend the restrictions and covenants set forth herein with the joinder and approval of the Board prior to the sale of any Lot to a third party. No amendment to this Declaration will purport to withdraw the Subdivision or any Lot from the Umbrella Declaration or the jurisdiction of the Association without the advance written approval of the Board.

ARTICLE L. NOTICE

Whenever written notice to an Owner (or Owners) is permitted or required hereunder, such shall be given by the mailing of such to the Owner at the address of such Owner appearing on the records of the Association, unless such Owner has given written notice to the Association of a different address, in which event, such notice shall be sent to the Owner at the address so designated. In such event, such notice shall conclusively be deemed to have been given by the Association by placing same in the United States mail, properly addressed, whether received by the addressee or not.

ARTICLE LI. TITLE

The titles, headings and captions which have been used throughout this Declaration are for convenience only, and are not to be used in construing this Declaration or any part hereof.

ARTICLE LII. INTERPRETATION

If this Declaration or any word, clause, sentence, paragraph, or other part thereof shall be susceptible of more than one or conflicting interpretations, then the interpretation that is most nearly in accordance with the general purposes and objectives of this Declaration shall govern.

ARTICLE LIII. OMISSIONS

If any punctuation, word, clause, sentence, or provision necessary to give meaning, validity, or effect to any other word, clause, sentence or provision appearing in this Declaration shall be omitted herefrom, then it is hereby declared that such omission was unintentional and that the omitted punctuation, word, clause, sentence or provision shall be supplied by reference.

ARTICLE LIV. GENDER AND GRAMMAR

The singular, wherever used herein, shall be construed to mean the plural, when applicable, and the necessary grammatical changes required to make the provisions herein apply either to corporations or individuals, males or females, shall in all cases be assumed as though in each case fully expressed.

ARTICLE LV. BUILDING CODES

All Dwellings shall be constructed to conform to the then current building codes and ordinances adopted by the City of San Antonio, Texas.

ARTICLE LVI. FIREARMS, PROJECTIONS AND WEAPONS

The discharge of any firearms, including BB guns and pellet guns, within the Subdivision or adjacent lands owned in whole or in part by Declarant or located within The Dominion Planned Unit Development is strictly prohibited and each Owner shall ensure that his guests and family members do not violate such prohibition. Additionally, use of any bow and arrow, slingshot, or other launching or catapulting device is prohibited.

ARTICLE LVII. SIDEWALKS

Each Owner of the Lot or Dwelling agrees to construct a sidewalk, which will meet standards established by ACC, at such Owner's sole cost and expense, if the same shall be required by any applicable government authority.

ARTICLE LVIII. SUBMITTALS TO DECLARANT

In addition to the ACC requirements in the Umbrella Declaration which are incorporated herein by reference, including but not limited to, the obtaining of prior approval of the ACC for preliminary design submittals and for final design submittals (i.e. final plans and specifications) for such improvements as set forth in Article V of the Umbrella Declaration, every Owner shall be required to provide Declarant at The Panhandle at Brenthurst, LLC 24165 IH-10 West #217-641, San Antonio, Texas 78257 (or at the address of its registered agent in the records of the Texas Secretary of State) with copies of preliminary design submittals and final design submittals for approval by Declarant that the improvements proposed thereon are of good architectural design, quality and proper size compatible with the Declarant's conceptual plan for the subdivision, prior to such items being submitted to the Committee. Declarant may disapprove the construction or design of a home on purely aesthetic grounds where, in its judgment, such disapproval is required to protect the continuity of design or values of the neighborhood and of the other homeowners or to preserve the serenity and natural beauty of the surroundings.
